

SUPPLY ITEMS IN COMMONS

Opposition Criticized Several Supplementary Estimates for Current Year

ELEVATOR SYSTEM UNDERTAKEN

Forestry Superintendent Will Organize Patrol Along Railroads to Protect the Western Forest Tracts

Ottawa, Ont., March 18.—The Commons spent the greater part of the day in the supply items under discussion being supplementary regarding the expenditures which have been incurred during the year.

There were a few preliminaries before the estimates were taken up. Sir Wilfrid Laurier moved for a long Easter adjournment from Wednesday next till the following Tuesday. Mr. Wharburton objected that the proposed holiday was not long enough to allow the Prince Edward Island members to go home and return. Dr. Chas. R. Red Deer, objected to the adjournment. Eastern members could go home, but western members had to stay around and do nothing. It was decided to extend the holidays for one day.

W. P. McLean asked Mr. Fielding if he proposed to make a statement as to the progress of the tariff negotiations before the Easter adjournment.

Mr. Fielding: "For the present I cannot make a definite statement. It would depend upon the state of business at that particular time. I do not think it would be in the public interest to make any announcement now."

The opposition criticized at some length the supplementary estimate for the current year of \$25,000 for harbor and river improvements at Port Arthur and Port Arthur. The main estimates contained a vote of \$200,000. Mr. Sprout contended that the minister was not justified in incurring such a large additional expenditure without the consent of parliament.

Mr. Pugsley justified the expenditure on the ground of necessity of rushing the work in order to provide the necessary facilities.

He was supported by Major Currie, Conservative member for North Simcoe, who stated that money would be saved by hurrying work.

In the course of the discussion Mr. Pugsley said the plans had been prepared by the Grand Trunk Pacific for the construction of elevators at Port Arthur having a capacity of ten million bushels. It is ultimately proposed to create an elevator system at this point with a capacity of thirty million bushels. The sub-committee of the railway committee, to which was referred James Connors's bill respecting the international waterways canal and construction company met today. A matter of chief interest was the appearance before the committee of Hon. Clifford Sifton on behalf of the conservation committee.

He said the committee was opposed to the bill and was also opposed to giving the franchise to a private company to build a canal. The waterways commission was unanimous in declaring against this class of franchise. The promoters did not want to build the canal, but under the cloak of building a canal, the application was really made for some ulterior motive. If the company got the franchise, they would obstruct the development of all water ways along the route.

Senator Belcourt headed a deputation from the recent French Canadian Congress of Ontario, which waited on Sir Wilfrid Laurier today. Representatives of the French people of the province in its senators and on the high bench was discussed, and resolution adopted by the congress was submitted.

It was pointed out that the French population of Ontario exceeds 300,000, but they have only one senator whip.

VICEROY MINTO'S SPINELESS RULE

India Tea Planter Says That Disaffection is Serious and That Minto is to Blame

Victoria, B.C., March 19.—W. H. Lyall, a tea planter of Assam, who arrived from India by the Empress of India today, in discussing the disaffection in India, said:

"The spineless rule of the viceroy, the Earl of Minto, is at the bottom of the trouble. He thinks they need men like Kitchener or Carson who will take no nonsense. 'Minto is worse than an old woman,' said Mr. Lyall. 'He is afraid to move for fear some one will take a shot at him. Only recently he attended some big function. Instead of driving up in state with his wife and family, he came from ahead and then he came on behind in a motor car. The man who does that sort of thing is no good in India. There is no doubt but that the disaffection is an insidious serious proposition. It is due, in the first place, to the fact that so many have been educated to the professions, and then there is nothing for them to do. They blame the government for not giving them employment and because they have employed better with which to employ their time, they commence agitating. The Viceroy has adopted the policy of ignoring trouble. When people huddled about at this motor car he took no notice of it. The result has been that agitators have pursued their calling with impunity."

HIGH WATER ON MISSOURI RIVER

All Residents of Bottom Lands Driven Out and Homes Stand in Several Feet of Dirty Water

Bismarck, N. D., March 18.—There is a sea of water on the flat lands between Bismarck and the Missouri river, ordinarily only a few hundred feet wide now reaches a distance of seven miles in width, so that boats can ply between the two cities.

Comparisons show the water to be the highest since 1887, and only a few inches below the high water mark of that is stationary water, but there is still a firm gorge extending for several miles south of the city, and the stage of water depends on whether this gorge breaks before the Williston gorge water comes down from above.

All residents of the bottom lands have been driven out and their homes stand in several feet of muddy water.

Dykes Strengthened
Across the river the water is being held out by dykes, which have been reinforced with heavy iron piles, and the passage of the water.

All train connections are broken.

There is a stretch of two miles between the west end of the bridge and Mandan, where the tracks have been torn and twisted and are now several feet under water. The Northern Pacific has cars of ballast ready to replace the track as soon as the water subsides.

DIED IN AUSTRIA

End Came Suddenly to Edward Dodge, a Pioneer Winnipeg Contractor

Winnipeg, March 19.—Edwin Dodge, building contractor of this city, died at Trieste, Austria, yesterday. The family of the deceased received a cable message from Mr. Dodge, who was travelling with his family, that "Your father died on train, sending remains home." This was the first intimation they had received that the deceased was not in the best state of health. He and Mrs. Dodge left home December 27, for a European tour. He ceased was one of the pioneer contractors of Western Canada, and during his active life had successfully carried through many important works. He came west with Red River expedition in 1870 and later settled at Winnipeg permanently.

HOUSE ADJOURNED FOR TWO MONTHS

Lieut.-Governor Gives Royal Assent to Bills That Have Passed Legislature

ALL PUBLIC BILLS HELD OVER

Committee of Whole Pass on Provisional Supply Bill Covering Expenditure of Five Months—Boyle Objects to Suspending of Rules Regarding Voting of Supplies

At twelve o'clock today His Honor Lieut. Governor Duly proceeded to the parliament buildings to give the royal assent to the legislature bills which have passed the several chambers to sanction the adjournment of the house until May 26th.

A special sitting of the legislature was held at ten o'clock this morning to discuss the items in the appropriation act, providing the sum of \$1,569,529.25 towards defraying the several charges and expenses of the Civil Service of the province for the five months ending May 31st, 1910.

Premier Rathgeber did not attempt to give a budget speech as he said that could be given when the house re-assembles in May. Most of the members had an opportunity last evening of comparing the estimates with the public accounts of last year and were prepared to pass the supply bill with little opposition or discussion.

The due application of supplies passed today is detailed as follows:

Civil Government—	\$ 500.00
Lieut. Governor's Office—	500.00
Executive Council—	15,000.00
Attorney General's Dept—	6,000.00
Prov. Secretary's Dept—	1,200.00
Treasury Dept—	47,500.00
Provincial Auditor's Office—	2,000.00
Public Works Dept—	15,000.00
Education Dept—	6,500.00
Agriculture Dept—	8,500.00
Total—	\$ 90,450.00

RELIGIOUS BELIEF CAUSE OF DEATH

Jury Brings in Verdict Regarding Death of Infant of "Church of God" Parents

"We find death was due to marasmus caused by improper feeding. We further find the father, Carl Goglin, guilty of wilful negligence in not seeking medical advice, this negligence being due to certain religious beliefs taught him by Rev. W. H. Smith, of the Church of God."

Such was the verdict of the jury empaneled to inquire into the death of the infant daughter of Carl Goglin, a German living in North Edmonton.

The inquest was held in Coroner H. H. Smith's parlors this morning.

"No, I would not send for a doctor for any sickness," said Goglin, in answer to a question. "God will cure any illness."

"Did you send for anybody at all to help cure your child?" asked Dr. Smith.

"Yes; for Preacher Smith, who lives on Nanyago avenue."

"What did he do?"

"He prayed that God would heal the child."

"Do you send for the preacher to pray when you are in need of bread or clothes?"

"No. The Bible teaches us to work for them. But we are taught that God is our physician."

The father further went on to say that he had only become a believer in Divine healing about three or four years ago. He used to be a Lutheran, and had doctors called in in case of sickness then. But Rev. W. H. Smith had opened his eyes and he saw it was wrong to do so. He said he would call a doctor now, because the law required it, but that was the only reason why he would do so.

The preacher was also called, and stated that he preached that God would cure disease "if you had faith."

FIELDING AND TAFT CONFER

History May be Made at New York Capital Today and on Sunday

EARL GREY ALSO IN ALBANY

President Asked Laurier to Come to Talk Over Tariff Matters, Situation in Regard to Which is Acute

Albany, N.Y., March 19.—History, both state and international, may be made here today and Sunday, when Albany entertains the Governor-General of Canada and the President of the United States. The President comes on the invitation of personal friends. Since he accepted the invitation several weeks ago, however, the Canadian tariff situation has become so acute and the present crisis has arisen in the affairs of the public and the party in New York state, so that his attendance at public functions is overshadowed by politics and affairs of state. It was learned last night that Earl Grey has accepted the request of the Albany University Club to attend its dinner here tonight only after he was informed that the President desired to meet him here.

The President's invitation.

Rochester, N.Y., March 19.—Although the situation seems all but hopeless, President Taft has not given up the idea of avoiding a tariff war with Canada. He has tried to meet him in Albany either today or Sunday. Hon. W. S. Fielding, Canadian minister of finance, The President at first invited Sir Wilfrid Laurier to the conference, but the latter was unable to come. Thus far Canada has shown a disposition to stand pat—has all but put an end to any further negotiations. The President is making a fast effort, however, to reach an agreement before allowing the maximum duties of the Payne-Albright law to go into effect against imports from Canada. If the maximum rates are invoked it will mean that imports from Canada will have to pay 25 per cent. more than imports from countries that have not been suddenly discriminatory against the United States.

The dispute with Canada grows from the fact that Canada negotiated with France whereby that country was given a reduction from 25 to 50 per cent. over other countries. Through Great Britain's "favoured nation" treaties, however, this preferential treatment by Canada to France automatically extended to thirteen other countries. This is in effect left the United States in the "country affected" by the higher rates.

No Reason for President's Action.

Albany, March 19.—While in Chicago I spoke to a large number of leading business and railway men regarding the tariff issue between Canada and the United States," said Hon. G. P. Graham to a newspaper representative at the King Edward Hotel last night. "They, one and all, were of opinion that no reason was apparent sufficient to make President Taft impose upon Canada the maximum duty. Canada has done nothing, they thought, to deserve such treatment. These men were representative and came from every State in the Union."

Mr. Fielding Accepts.

Ottawa, March 19.—Hon. Mr. Fielding has accepted Mr. Taft's invitation and will go to Albany to confer with him concerning the tariff.

THE D.O.C. SAYS HE IS PLEASED

With the General State of Efficiency of the Alberta Mounted Rifles

THE SPECIAL COMMENDATION

Given Several of the Officers of the Corps—Numerous Observations in Regard to Work of the Organization.

Lieut.-Col. Belcher, commanding officer of the 19th Alberta Mounted Rifles, is in receipt of the following from Lieutenant-Colonel Cruickshank, district officer commanding:

1. I am instructed by the Minister in Militia Council to express to you his appreciation for the efficiency displayed by your unit at its annual inspection.

2. The officers specially commended by Brig-General O'Leary, C. B., C. V.O., besides yourself, were Captain W. A. Griesbach, Captain C. W. Marriott, Lieut. A. E. Hopkins and the Rev. Mr. Elhier, and it is requested that you will communicate this fact to them.

3. The officers generally appeared to take great interest and the results of their attention and care were easily apparent.

4. The N. C. O.'s and men were highly reported upon being good riders, intelligent, well behaved and of good physique.

5. Sergeant Major Lee was specially mentioned by the inspecting officer, and this fact should be communicated to him.

6. In drill and manoeuvre, regiment was well reported upon, and "A" and "B" Squadrons were specially mentioned for their efficiency in squadron drill.

7. It was noted with regret that there was a shortage of officers and 48 other ranks and 48 horses below the training establishment for the year.

8. The regiment books were "very good," those of "A" Squadron and "B" Squadron, quite good, but of "D" only fair. It is hoped that material improvement in the latter may be effected without delay.

9. The general administration and system of the regiment is the camp was good, care being taken throughout to preserve the same.

10. It was noted that the legions, though serviceable, were badly fitted. Any existing deficiencies in saddlery, should be remedied at once.

11. It is observed with regret that there was a falling off in musketry. In 1908, the Regimental average figure of merit was 3.3, and in 1909, only 2.8. Improvement should be effected during the current year.

12. It is hoped that the high standard with which your regiment has begun its career, may not only be maintained, but improved in future.

I have the honor to be, Sir,

Your obedient servant,

(Sgd.) E. A. CRUICKSHANK, Lieut.-Colonel,

Commanding Military District, No. 13.

A mass meeting for men only will be held in the First Baptist church, Sunday afternoon at 3 o'clock. Rev. F. W. Patterson will deliver a sociological lecture on the subject, "An Ideal Father." All men are invited. Special music will be furnished by the male quartette.

THE PROVINCE'S POSITION IN REGARD TO THE BONDS

The sale of the bonds of the Alberta and Great Waterways Company has, more than anything else in connection with the whole subject, been made the subject of misrepresentation.

One thing, first of all, should be made clear. These are not provincial bonds, though they have been constantly referred to as such, and the province had nothing to do with the negotiations in regard to their disposal. No one has ever suggested that it should interfere in the financial arrangements being made by the G. T. P. and the C. N. R. for the construction of the lines of these companies that are being guaranteed by the province. Why then, should it do so with the A. & G. W.?' The responsibility for raising the money to build all these roads, lies with the officers of the different companies. Mr. Clarke, the president of the A. & G. W. went to London to interest the money market in the proposition. For several months, as readers of the Capital know, nothing was heard of his enterprise and it was assumed that he had failed in his quest for a purchaser of his railroad bonds, as many others who had gone on similar missions had failed before him. Fortunately he at last came to an arrangement with J. S. Morgan & Co. He returned to America and on the strength of this arrangement work on the road was commenced. The government has no right to a copy of the agreement between Clarke and Morgan. All that it required to be assured of was the price that was being obtained, so that it could see to it that all the money available from the sale was turned over to the purposes of the road, according to the terms of the statute.

"These were five per cent. bonds backed by Alberta's credit," says the Calgary Albertan. "It is a slur on Alberta's reputation that she should receive only par for a five per cent. security."

The Herald is evidently not aware that there is always a great difference in price between a regular government bond and a railway bond, backed by a government. The reasons are obvious but it is not necessary to go into them here. We merely state the fact. Because an A. & G. W. 5 per cent. bond brought only par, it by no means follows that an Alberta bond of the same character would not bring a good deal more. In January of last year the Dominion disposed of a large quantity of its 3½ per cent. at 99½ and the next month a per cent. bonds of the G. T. P., guaranteed by the Dominion brought only 90. These A. & G. W. bonds, it should be remembered by reason of the short term for which they run, rank in the bond chart as the equivalent of ordinary 4½ per cent. The price at which they sold, par, thus compares very favorably with that received for the G. T. P. four per cent., 90, especially when it is considered that the A. & G. W. is building into a wholly new country.

The Calgary Albertan has this remarkable paragraph:

"The province has absolutely no assurance that the company will ever go any further with the work of building a railway. It can be stopped now, and not another tap done on it. The province cannot force the company to go on with the work. That means that the Alberta and Great Waterways Railway company got about \$8,000,000 for its bonds, disposed of them for \$7,400,000, the company getting the balance, and if it did not make another move it would clear that amount of money and give the province absolutely nothing in return. Yet it would be none of their business."

This is a deliberate misstatement. The A. & G. W. sold its bonds for \$7,400,000 and the money is in the bank, from which it will not be paid out till construction is completed to the extent called for by the arrangements with the province. There is absolutely nothing to justify the idle talk that is being indulged in to the effect that Clarke and Morgan entered into collusion by which the one would

pretend to sell the bonds to the other. No one who knows anything about the way things are conducted in the world's financial centres, and the strictness which is enforced in all dealings there, will pay any attention to such suggestions. If it were a firm with a shady reputation, that was being dealt with, there might be ground for suspicion. But when it is one that possesses a reputation of many years' standing for the most honorable dealing, and which has performed many public services in times of crises by virtue of that reputation, it is hard to understand that a newspaper so well-informed as a rule as is the Albertan, should so readily fall into line on this point with those who are misleading the public.

Those in charge of Alberta's immigration policy need help. One of the province's great rivals in its campaign is Kansas, which is going after the prospective settlers down east and over the water, with extraordinary enterprise. And Kansas has a point to sing of its charms. Here is one of his productions in a recent pamphlet:

"We are long on big crops and short on bad lives,
To the church and our schools we are bountiful givers,
We haven't any use for the pessimist,
All are optimists in action, thought, word and deed."

Then why shouldn't the spirit of Kansas be proud?
They have earned the proud right of speaking on, loud.
Whether insurgents or regulars, they all with one voice
Shout the praises of Kansas, in her greatness rejoice."

Those who think their muse is sufficient to offset this should apply without delay to C. S. Hitchcock, Alberta Immigration Superintendent.

The Red Deer News says that the provincial government stands "charged with the most flagrant acts of corruption." The Calgary Albertan, which has certainly devoted much more attention to the A. & G. W. proposals than the News and has offered the government many times more effective opposition declares that "it does not believe that there has been graft in connection with this transaction, at least it has learned nothing which gives that impression." Certainly no one has made any definite charges to justify the News' statement.

What Others Say

AHEAD OF THE RAILWAY.

From "Keeping Store at Te's Jaunt Cache," by Wallace Finch and I. Darby in March "Canada Monthly" (formerly Canada-West).

"We were now in the very presence of the mountains themselves, traversing the slopes that border the valley of the Athabasca, at times jutting out almost into the stream itself, then receding many miles, leaving an immense fertile plain. For two days we wound about the base of three big peaks, the last one looking like a frowning square fortress guarding the entrance to the pass. Toward noon the trail dipped down to ford the Athabasca. We crossed two channels without much difficulty, then stopped on an island, while Frank and Jimmie tested the depth of the main river. It was too deep to ford so we decided to raft the packs and swim the

horses. It was after seven when the raft was finished and loaded for the first crossing. Frank and Jimmie went together and had great difficulty in getting back by eleven in the pitchy darkness, so we were obliged to spend the night on the little island. In the morning we added two more logs to make the raft large enough to carry Jimmie and Will and the rest of the supplies, while Frank was to ride. The horses were driven into the stream after him, but they would not follow together. Two waded down the river, Jimmie following along the bank shouting and throwing bits of wood and stone at them till finally they struck across. Then another swim down stream trying to find footing, while the other four tried to move but stood watching till at last he landed near Frank. Then, reassured, they slowly followed him. The raft was clumsy and hard to handle. First we let it float down, guiding it past a shoal, then we jumped into the water and pushed it by main strength up stream so that the current would not carry up far below the trail. Near the other bank Frank rode out to help and we all got wet through standing in the water pushing the ungainly thing ashore.

That day we passed Jasper House and Jasper Lake—a glorious ascent from the top of the hill with greenward like a lawn rolling down from our feet to the water's edge. Next day we reached Swift's in the upper Athabasca valley. Swift was something of a character, a Yankee from Ohio who married a squaw and had four children. He was looking forward to being a rich man as he hoped that part of this property would be selected for a township and he had fine water-power for a mill. It was not an idle dream of wealth, for with cheap power, the immense valley full of farms, and the railroad at his door to carry his flour to Prince Rupert and so by the shortest route to the Orient, why should not this "squaw man" of the mountains some day take part in the ever-expanding business of feeding the yellow millions? Meanwhile he was doing a little farming, entertaining the pioneers, crossing the pass and enjoying life in the shadow of the mountains.

MARITAL PHILOSOPHY

(Chicago Record-Herald)

A bride at her second wedding does not wear a veil. She wants to see what she is getting.

Always send your former husband a notice of your marriage; true politeness consists in giving pleasure to others—and nothing will give him greater pleasure!

If you meet your ex-husband's fiancée, treat her with sympathetic courtesy. Remember that she is more to be pitied than scorned.

If the bridegroom does not appear within half an hour after the time set for the wedding, search for him in the bathroom, the attic, or the corner cafe. You will undoubtedly find him somewhere around, babbling to himself and making strange signs in the air.

If he does not show up, marry the best man. After a few weeks you will not be able to tell the difference between them. Both will make you the same excuses, tell you the same stories, and give you the same "stock" kisses in the morning.

When your second husband begins to speak wistfully of your first husband, do not chide him; remember that misery loves company, and perhaps it is a comfort to him to know that some one else has been as foolish as he was.

Never consider your wedding a settled thing until you have gotten the man to the altar. The primary rule for marrying is "First catch your husband!"

Besides, there's many a slip 'twixt the license and the certificate—and you may let him slip.

It is quite correct to send your former husband a gift on the anniversary of your divorce in remembrance of "the many happy days, we have spent apart."

In selecting husbands, always consider that it is quality, not quantity, that counts.

One or two marriages, like one or two drinks, may not have any visible effect upon you. But don't make it a custom.

A woman marries the first time, you know, for love, the second time for companionship, the third time for support—and the rest of the time from habit.

When marrying a second time refrain from asking your friends what they think about it. Remember that they all think you are a fool!—Helen Rowland.

SPRING OPENING

We beg to announce

The Formal Opening of our new Ready-to-Wear Salon

Monday & Tuesday, March 21st and 22nd

As many ladies perhaps know already, we have been moving our Ready-to-wear department to the second floor. This is now ready and enables us to display to advantage the most attractive stock of costumes, coats and skirts which we have ever gathered together at one time. All the large fashion centres are well represented; you will find lace coats from Brussels; suits from New York, cloth coats from a famous Berlin couturier, and our own Canadian creations contribute in no small degree to make this one of the most complete collections Edmonton has ever seen.

In the preparation of the "setting" for this artistic display no expense has been spared. The lights are well arranged to enable every creation to be comfortably inspected and there is a complete fitting room which is under the very capable management of Miss Bruce.

Miss Bruce

has made a study of this particular class of work both theoretically and practically. She has had a number of years experience in Toronto and Winnipeg, and is at your service for consultation on matters of style or color scheme.

Fit Guaranteed

Any garment which we undertake to alter for a purchaser we guarantee to fit, without extra charge. We have every confidence in stating that the service in this department will prove a boon to many of our customers.

On the Styles

The authoritative style tendency is a matter of particular moment, and in making your purchase here you can make no mistake in this respect.

Suits

In Suits the predominant style is the "mannish" effect both in cut and fabric; homespun, worsteds and serges are the favorites in a wide range of colorings, which include raisin, mocha, wisteria, carob and eucalyptus. Coats are being worn much shorter than in the Fall models, ranging from 30 to 36 inches, with the long roll collar. Skirts are invariably pleated.

Separate Coats

Separate Coats are being shown in short and three-quarter length with Moire silk as the popular trimming. In the longer lengths covers and diagonals are strong favorites.

Separate Skirts

Separate Skirts, like the suit skirts, are pleated in a variation of yoke and overskirt effects as well as the tunic and fish-wife models.

Capes

The well-dressed woman should not be without a Cape, as these are so much in vogue in the leading style centres. In our array you will find the military or the more elaborately trimmed, suitable both for the street or evening wear. All styles shown here are confined exclusively to this salon and in many cases there is only one of each style.

Misses and Children's

Coats and dresses, blouses, whitewear and lingerie you will find in equal profusion on the second floor.

Dress Goods and Silks

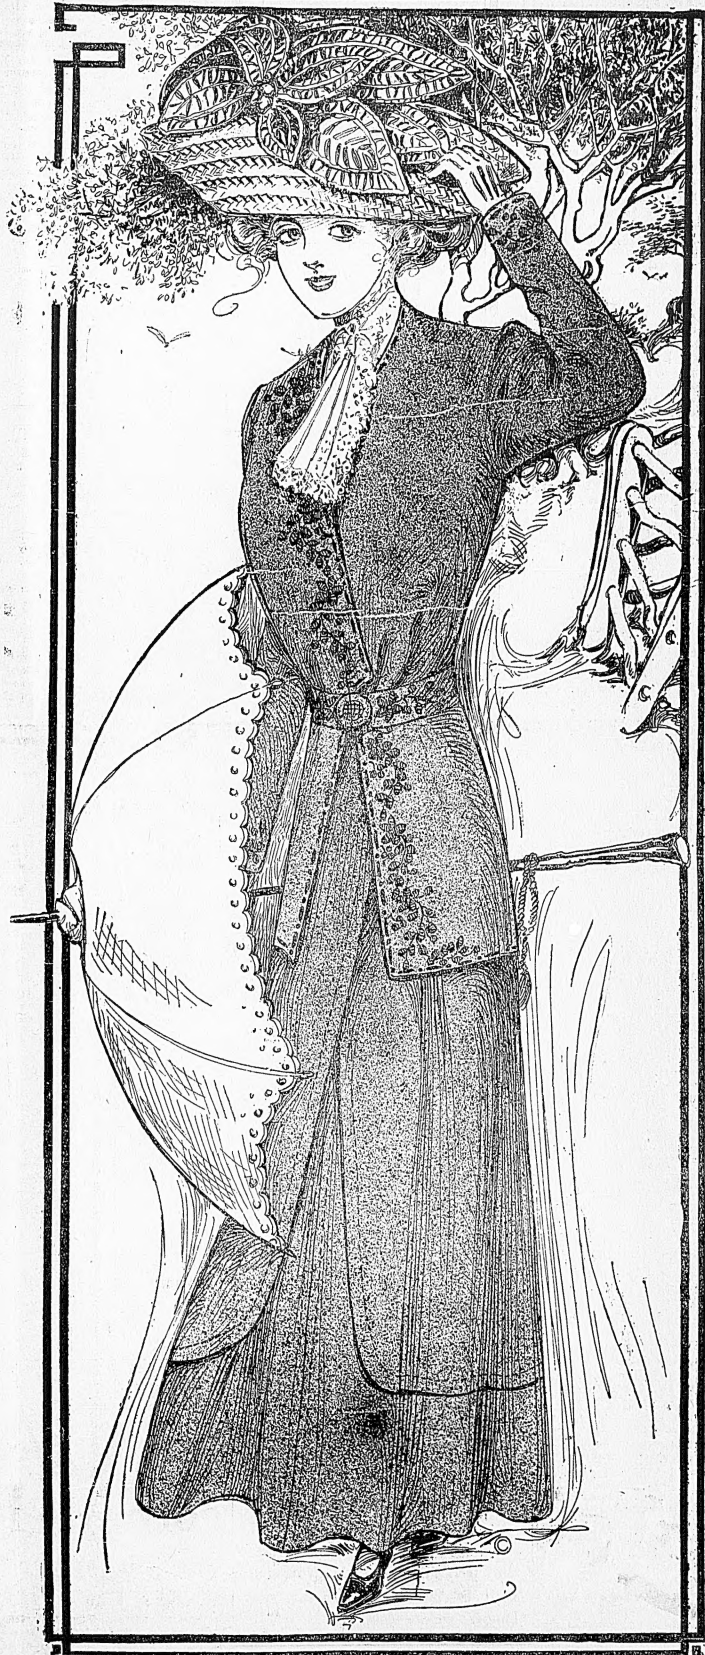

are on the main floor and in every fashionable shade and fabric. To be appreciated these should be seen.

Shoe section

All the leading makers are here represented in the largest spring display ever attempted in Edmonton.

Orchestra 3 to 5 p.m.

Tea served 2 to 5 p.m.

The Following Facts About Calder
Cannot Help But Interest You

On October first, of last year, the CALDER LAND CO., LTD., who controlled 140 acres of land, adjoining the Grand Trunk Pacific property, all of which is shown on this map, placed 80 acres of it, lying between the East side of the property, to St. James St., and from the South boundary to the North boundary on the market. Owing to the demand which this property had, the Company is now offering the remaining 60 acres, this is shown as all property west of St. James St. That the public may have a fair chance of making a selection, the maps are being distributed as widely as possible, while this plan will give you an accurate idea of the location of the property, one should see it for themselves. A thorough inspection will also enable you to see the first really big labor employment industry in Edmonton, the Grand Trunk Pacific Shops and Roundhouse.

Already twenty-five buildings composed of dwellings, stores, restaurants, etc., have been erected in Calder and it can safely be stated that nine out of ten of the G. T. P. employees who have purchased property in the City of Edmonton for their homes, have purchased in Calder. The Company's intention is to incorporate Calder as a town by itself, arranging with the City of Edmonton for water, sewer, light and telephone conveniences, which has been practically assured at the present time.

The lots are 50 x 125 feet in size, the lanes are 20 feet wide and the streets 66 feet wide.

Prices Range From \$175 to \$250
Per Lot

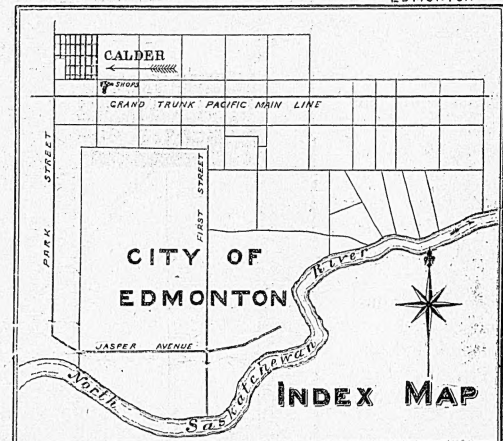

Terms of Payment are one-third cash, the balance in two equal annual instalments with interest at 7 per cent. per annum. It will therefore be seen that \$58 in cash finances a lot for 1 year

FOR TWO MONTHS
(Continued from Page One)

As forecasted on Wednesday by the appointment of a royal commission to investigate the Alberta and Great Waterways Railway transaction Premier Rutherford announced in the legislature yesterday the adjournment of the House until May 26th, when it is expected the report of the commission will be ready to be submitted for consideration.

No sooner was the announcement made than Mr. Boyle, Sturgeon, led the House into a lengthy discussion as to what would become of the railway operations in the interval between the adjournment and the re-assembling of the members. He asked if any arrangement had been made with the company pursuant to the resolution that had been passed by the House. Hon. Duncan Marshall explained that the legislature would again sit on May 26th, and if the present agreement was not changed in accordance with the resolution, the legislature could see to it. Either the railway had to come through, or the government would come through with them.

Hon. Mr. Cushing stated that he had seen a better which a manufacturing concern had received from the general manager of the A. & G. W. R. regarding negotiations for second-hand material. He would like to have a definite statement from the premier as to what he intended to do in this regard.

"No second-hand material will be allowed," said the premier.

"The government will not allow one cent of money to be paid out until the legislature comes back," said Mr. McKenzie.

Mr. Stewart, Sedgewick, wished to know whether some scrutiny could be had over the route to be taken by the road. Mr. Cushing suggested that the government give its word that 40 miles from Edmonton be the limit in which the company be allowed to operate or commence operations. Mr. Boyle suggested that Battenburg be the limit, a point only about thirty miles, because he approved of the route that far but not beyond. Hon. Duncan Marshall pointed out that under the amended agreement the company could not draw a dollar of the guarantee until fifty miles was in operation.

The matter dropped with the assurance of the premier that the government would not approve of the route beyond Battenburg and that no part of the guarantee money would be paid until the House again met in May. The premier thought that as little delay as possible should be given to winding up the business before adjournment. He suggested that public bills could stand and precedence be given to private bills.

Mr. Brameley Moore, Alexandria, seconded by Mr. Cornwall, Peace River, moved that steps be taken for the control of fisheries and minerals of the province be taken over by the province.

Speaker—We can't legislate on such things as that.

Mr. Boyle—There is no limit to the expression of opinion in this House. Mr. McKenzie—This should be a memorial as this House has no jurisdiction over fisheries.

Speaker Fisher—The permission of the Speaker has to be secured and I object to a memorial on "fisheries."

Mr. Moore—I have been in the House of Commons and seen resolutions passed about Home Rule in

Ireland. What more they have to do with Home Rule than we have with fisheries I don't know.

The resolution stands on the order paper.

Mr. Smith, Camrose, spoke at considerable length to the motion for the appointment of an independent railway board to protect the interests of the province in the building of the road. He had heard there was a possibility of the governments taking over the road and such being the case he thought it necessary that the cost should be carefully scrutinized. He had heard that the chief engineer is drawing \$25,000 per year and expenses, whereas the chief engineer on the G.T.P. only gets \$10,000, and the former one got only \$6,000 per year. He understood that the general manager was getting \$30,000 a year and the president of the road was getting \$50,000. This was exorbitant. Turning to the estimates of the cost of the road he quoted Mr. Waddell's estimate of \$22 an acre for right of way. This was strange as most of the route lay through government land and would cost nothing. Loose rock excavations were estimated at \$1 per yard and solid rock work at \$2.40, whereas the G.T.P. estimates at \$1.00 per yard and \$1.25 for solid rock.

Wages to transit men were correspondingly greater. In many cases the cost was entirely out of all reason and he felt that it was being unduly swelled. If the present charges made against the road continued for two months longer it would be a serious matter. It would be one of the functions of his independent commission to have this kept on this.

Premier Rutherford—The House can rest assured that the charges will not be exorbitant.

Mr. Cushing—Has the premier any knowledge as to expenses going on as stated by Mr. Smith?

Premier—I have no information as to that.

Mr. O'Brien—What wages are being paid employees?

Mr. Smith—I can say they are not in proportion to the price secured by the contractors.

Mr. Hoadley—Does the checking of the expenditures fall on Mr. Jones?

Premier—Yes, it is his duty.

Mr. Cushing—Is there any system as yet to be done?

Mr. McKenzie—This House can take the word of the first minister that all the money will be in the bank when we return.

Mr. Smith—If legitimate charges are made the government will have to pay. This is the point on which I want a definite understanding.

Mr. Boyle—There is only one way the government is at liberty to check that is refuse to approve the route beyond Battenburg. I am compelled to inform the prime minister that he would stay his hand in the sanctioning of plans he had no further jurisdiction.

Mr. Roberts—We have the assurance of the premier that no money will be paid out and that the plans will not be approved beyond Battenburg. That satisfies me on the question.

Several others spoke to the resolution before Mr. Smith got the consent of the House to have his motion withdrawn.

An evening sitting was required for the House to go into committee of the whole on important private bills. The following bills were added to the order paper discussed and finally passed:

No. 12—Act respecting City of Lethbridge.

No. 32—Act to extend the borrowing powers of the town of High River.

No. 33—Act to further amend the Edmonton charter.

No. 39—Act to validate and confirm certain bylaws of the city of Strathcona.

No. 6—Act to enable Claresholm to increase its borrowing powers.

The total number of bills which have been passed and received the royal assent today is 17. All the important public legislation such as the acts respecting rural municipalities, villages, towns and cities, and the general act to govern the incorporation of clubs, will not be considered until the May sitting.

The bringing down of the supplementary estimates brought a protest from Mr. Boyle who thought the rules had been suspended long enough. He did not see why the estimates should be passed before Monday, which would be in accordance with the rules.

In reply the premier said that the estimates were nearly all statutory grants. It was a lump sum estimate placing all items before the House.

Mr. Cushing referred to the vote of \$400,000 of last year to cover the first three months of this year.

The premier in reply said the total sum had to be added to \$1,601,320.25 which would bring the expenditure somewhat over \$2,000,000. A good deal of this was chargeable to capital account.

Mr. Boyle contended the estimates should not be discussed until Monday, but Mr. Roberts, High River, was satisfied after a comparison of the estimates with the public accounts that all was right. Mr. McEwen sug-

gested that the estimate be taken up in the morning and if they were found satisfactory would be disposed of then. Mr. Boyle agreed to this arrangement.

Supply Items in Commons
(Continued from Page One)

They contended that they should have another. On the high court bench there is no French speaking judge and it was argued that in both of these cases, French representation is disproportionate to the other nationalities. The premier gave a sympathetic hearing to the delegation, but made no definite promises.

R. H. Campbell, Dominion superintendent of forestry, will in the course of a few weeks, leave for the west to organize the fire rangers service there. Corps of fire rangers employed by the government is recruited every spring. This year on account of wide public interest in connection with the protection of forestry work of the department, will be broadened. Patrols will be sent out along the railroad tracks and the forestry branch will endeavor to carry out in a practical manner many of the objections of the new Dominion Conservation Commission.

Land is for the People

Toronto, March 18—The policy of the Liberal government is that all land we have is to be given away to men who will use it and not an acre is to be sold for the sake of the money that it will bring. That is the action and spirit of the administration. Such was the declaration of Hon. Frank Oliver, Minister of the Interior, speaking before the Ontario Club last night, at the third of a series of banquets to Liberal leaders which the club is holding this season.

PATRIOTISM IN THE WEST

Minister of Interior at Toronto Says West Has Real Canadian Spirit.

Toronto, March 18—There are more Canadians today, born in Canada, resident of the United States than there are in Western Canada. Why did these men in the west remain instead of going south of the line? It was because they were Canadians in spirit and wanted to remain in Canada.

In these words Hon. Frank Oliver defended the Canadians in the northwest before the Canadian club yesterday at luncheon. Mr. Oliver said that he did it because he had heard it from the lips of public men and read it in the papers that there was a great misconception down east as to the spirit of patriotism existing in the west. Mr. Oliver said that if easterners wanted to see what real Canadian spirit was they must look west of Lake Superior.

WESTERN LEAGUE MEETS TODAY

Moosejaw will be a Busy Town for One Day—Morrell Claims to Have Retired from Baseball

President Frank Gray of the Edmonton Baseball Club left for Moose Jaw yesterday to attend the annual meeting of the Western Canada League which convenes in that city today. It is much important business to be transacted such as the election of officers and the drawing up of a schedule. Saskatoon will have representatives in attendance and make strenuous efforts to obtain a franchise. There is not much chance of their getting in unless some unexpected withdrawal of one of the older clubs takes place.

Fischer Grady and Deacon White are working out at the Y.M.C.A. every day and the former expects to be able to go in the box and win the opening game.

The following despatch has given Deacon a twinge of worry as the Morrell mentioned was looked upon as a certainty for the Edmonton outfield. Mr. Brown of Vancouver had promised to farm him out.

Vancouver, B.C., March 12.—Ray Morrell, the ex-Spokane city leaguer who has been signed by Vancouver, may not report, as he is drawing down a fat pay cheque from a power company at Spokane and does not want to quit.

"I don't want the idea to get out that I am holding out for more money, because Brown's terms are very satisfactory," said Morrell recently. "It is just a question of being able to make more money tampering with the juke."

Morrell was the property of the Spokane Club last year, but played in the outfield for the Brandon, Manitoba, Club the larger part of the season. He made 478 trips to the plate in the Canadian league and finished the season with an average of .329.

FRED MEADOWS LIKES EGGS

Canada's Most Famous Marathoner Runs up Against a Snag on His Way to New York

Fred Meadows, one of the foremost Marathon runners, had a strange experience while crossing the border to take part in the big race in New York. Fred is a great believer in fresh eggs as a steady training diet and says that those from the vicinity of Guelph have all the best products beaten a duck. So wherever he goes, he is Toronto or New York, he takes along a supply of eggs. Here is what happened at the suspension bridge last week, as related by Tom Flanagan in the Toronto Telegram:

"Fred Meadows carried his fresh eggs from Guelph to New York. By the way, little we thought a dozen fresh eggs would get a man into trouble a year ago, but it got poor Fred into a barrel of trouble crossing the line. Meadows had the eggs done up in a nice tin box. When the customs officer opened Fred's baggage he demanded the precious looking box to be opened. Fred complied, and to the officer's great surprise, staring him right in the face was a box of real eggs. After counting the eggs over carefully the officer demanded 20 per cent. duty. Meadows said, 'What do you mean? Why, they are only worth 20 cents a dozen in Canada, and I consider this a wholesale robbery.' The officer, however, could not be pacified and he told Fred to put up or shut up, Meadows putting up."

Brandon Will Stick

A letter was received from the manager of the Brandon baseball team yesterday in which he states that there is very little foundation for the report that Winnipeg and Brandon want to withdraw from the Western Canada League. They have received suggestions from Fargo to that effect, but very little notice was taken of them. Brandon states that they intend to be with the rest, and put in a team stronger than ever before.

WILL ORGANIZE ROOTERS CLUB

Preparations are Being Made to Get a System of Rooting—Club Roll is Filling Rapidly

Arrangements are already being made by several dyed-in-the-wool fans to organize a club in connection with the Edmonton baseball club. Messrs. Vicman and Kidd will have charge of the rooters and are signing up candidates. There are several conditions to be fulfilled before a man can aspire to full membership in this noted club. First, he must be the happy possessor of a voice which can be distinctly heard above the din of any train that happens to pass by on the R. Y. & P. Second, he must take a solemn oath to attend every home game and yell for the team, first last and all the time. The motto of the rooters' club will be "Don't Knock But Boost." A special space in the stand will be provided for the sweet-voiced singers.

Kerr for England.

It is very probable that Bobby Kerr, the Hamilton sprinter, will be sent to England again this summer to compete in the British championships. Kerr has received a certificate from Ireland, in which he is credited with the Irish record for 220 yds, 22.5 seconds, made at Dublin last July in the Scotland vs. Ireland athletic games. This is not Kerr's greatest time by any means, but the distance has never been stepped any faster in the Emerald Isle.

Whitty in Gotham.

Jack Marshall was unable to go with the Wanderers to New York the other night. However, Fred Whitcroft and Frank Patrick of Renfrew were taken along, as well as Blatchford and Chipchase, the spares.

HACK, THE LION APPEARS

Our Old-Time Friend, the Russian, Who Disappeared After the Goch. Affair, Bobs up in Australia.

Hackenschmidt, the remarkable, that wonderful wrestler who combines, as no other man does or ever did, the power to lift enormous weights with the activity and the likeness of the panther—is in Australia again, says a writer in the Sydney Referee. Hardly do we see the great speed associated with unusual strength and muscular development.

Hackenschmidt has run 220 yards in .26 and 100 yards in .12. He says he could do it again with a little practice, and I am satisfied he can, for the man is as full of vigor as ever, and in no way given to bawling.

Close upon five years have passed since the world's champion wrestler was in Sydney before, and though he looks a trifle older, and is certainly bristlier, but not by any means uncomfortably so (for there is little more than the suggestion of stomach). Hackenschmidt, as a man, has not altered one whit.

One meets him now, the same fine, generous-hearted, clear-brained, intelligent fellow, bubbling over with generosity and general good humor, and having a distinct recollection of and full of gratitude for any little bit of turn down him when he was here previously, and absolutely forgetful of whatever of an opposite nature occurred.

Hackenschmidt has now been prominently before the world nine years, and, no matter how he may feel, there is nothing in his show to indicate that he has gone off the least little bit or that years have staled his ardor or ambition. He grapples and roughs with "Gunner" Moir as strenuously and effectively as ever, and he twists and turns and flattens out the braw Scottish giant, Alex. Bain, as if 'twere child's play.

Hackenschmidt's posing, which he has done only in Melbourne and Sydney, is a treat in itself that caught on immensely during his four nights at the Sydney town hall. He was a Graco-Roman wrestler when with his before. He is now an exponent and a finished artist at the more popular Lanchashire or catch hold (commonly called catch as catch can) style.

The returned athlete gives a most entertaining show of different exercises, and with barbells, which he positively asserts are all that is required to develop strength and suppleness, a rare combination, as already stated.

MOOSEJAW HAS NEW MANAGER

The Robin Hoods Have Signed W. B. Davis, Formerly a Pitcher in the Pacific Northwest League

Winnipeg, March 18.—C. M. Mohr, secretary-treasurer of the Moose Jaw Baseball Club, was in town yesterday, declaring to every baseball fan he could meet that if the eastern end of the circuit is as enthusiastic over the coming season as they are in the west, the most successful season in the history of baseball in western Canada is assured.

Mr. Mohr stated that there can be no doubt whatever that every one of the western clubs will be on the soundest kind of footing, and he believes that the class of ball in the league will be fully 50 per cent. faster than last year. He warns Winnipeg and Brandon that if they want to be in the running they will have to get in and sign up better material than ever.

Moose Jaw has signed a new manager, W. B. Davis, who was a well-known pitcher in the old Pacific Northwest league, and who played in go with last year at Palouse, Wash. He will manage the team and play an outfield position. Mr. Mohr states that at the league meeting last Saturday Moose Jaw will go on record as favoring combining the jobs of president and secretary-treasurer.

"LADY" TAYLOR IN TOWN

Famous Lacrosse Player Blows in and Will Most Probably Turn out With the Locals

The local lacrosse club is rejoicing in the advent of a player who is known in every town where lacrosse is played. This is the celebrated "Lady" Taylor, Taylor blew into town yesterday, and when seen by The Capital said that Edmonton looked pretty good to him and he thought he would remain here for the summer. Taylor is one of the old Brantford standbys and played in the Dyke City when Dade, Henry and other stalwarts were in the game. "Lady" plays on the home field and is a specialty one.

Taylor is only one of a number of good players that will be found on the Edmonton lacrosse team, and from the way things are turning out it looks as if we would be in a position to challenge for the Minto Cup before Calgary does.

FLOOD HITS THE TOBAGGAN

Story of Former Toronto Second Baseman who Made Brutal Attack on Umpire—Is Now Among Minors

Once a ball player strikes the toboggan it doesn't take long for him to hit the bottom. Take the case of Tim Flood. When Joe Kelley took the management of the Toronto Baseball Club he secured Timothy as second baseman and he was a wonder. The season progressed with Flood hitting well over three hundred and proving himself the best fielding second sacker in the Eastern League. But fate had something in store for him.

One afternoon Tim was in bad humor and several doubtful strikes called on him did not improve matters. Finally he hit a slow one to short and looked to have the throw beaten a mile, but the umpire, who was well behind the bat, called "out." We well remember the look on Tim's face as he tore down the first-base line and jumped With Spiked Shoes.

Tim was in the umpire when about three feet Flood jumped feet foremost and struck the official in the thigh with his spiked boot. The umpire (we forget his name, now), fell to the ground and Flood was on him in an instant like a wild man. The players hurried in and in endeavoring to pull his infuriated second baseman off, Joe Kelley severely wrenched his knee and still feels the effects of the injury. The police immediately arrested Flood and he was hurried to the police station.

The next morning Magistrate Donovan gave him 15 days in goal despite all most herculean efforts of everybody from President McCaffrey down to the much-sinned-against umpire, to get the thoroughly frightened player off. Tim served 10 days and was then pardoned by Hon. A. B. Aylesworth, minister of justice. At a meeting of the Eastern League magistrates Flood was expelled from that association for life.

Is Made a Manager.

He went to the St. Paul American Association team where he did very well. The following season he was appointed manager and as it readily follows with a man of ungovernable temper, he was a rank failure both as a player and an official. He not only lost that job, but also his second base position with the Saints. Last spring he was sent to Little Rock and was then transferred to Chattanooga, when the franchise was purchased. Now comes the information that Chattanooga does not want him and that he will play this season with the Waterbury Club of the Connecticut League. From manager of a team in the A. A. League to an ordinary warrior in a very minor league, all within three years is some drop.

His Bitter Remarks.

But Flood deserved it. We well remember his bitter remarks as he was freed from goal in Toronto. He said: "Any magistrate in the U. S. who would sentence one of his home-town team to goal would never hear the end of it," insinuating also that he had been discriminated against in Toronto because he was an American. We can say that he was treated very leniently, and for his cowardly attack on a man hampered by a mask, etc., richly deserved three months. That one act of Tim Flood's ruined his entire baseball career.

WILL BE A BIG CROWD

It is Estimated that 35,000 People Will View the Big Fight—Gate Receipts May Reach Half Million Mark

The attendance at the Jeffries-Johnson fight promises to be the largest in the history of pugilism. And don't lose sight of the fact that these interested spectators are going to pay a handsome sum for the privilege of seeing the two heavyweights do their stunt.

The Emeryville race track, near San Francisco, had been secured by Tex Rickard and Jack Glendon, and already applications for seats are pouring in from all corners of America. While plans for the arena have not yet been drawn, it is probable that there will be at least 15,000 seats at \$10 located around the edge of the enclosure. It is also thought that 10,000 seats nearer the ring will be sold at a \$25 tariff, with many more reserved chairs, exclusive of private boxes at \$50 each. Box seats, it is expected, will bring \$100 each, the holders being within a few feet of the ropes.

Expected to Get \$500,000.

Optimists who feel sure that this scale of prices will not keep people away are willing to estimate the gross receipts at half a million dollars. Experienced fight promoters say that if Tex and Jack cover expenses, which will amount to more than \$175,000, including the purse, they will be extremely fortunate. Promoters who believe in popular prices say that if a sliding scale from \$5 to \$25 had been adopted and 15,000 seats provided there would have been a better chance of making money.

Some Large Crowds.

A crowd of 35,000 people is not often seen at outdoor sporting events in America, though it would be considered a small attendance at some of the English football games. The second world's series baseball game at Forbes Field, Pittsburgh, drew 30,915 last fall. The enlarged polo grounds, home of the New York Giants, will seat 31,000 without crowding. The Yale-Princeton game at New Haven drew 34,000 persons who had seats, while 38,000 seats were occupied in the Stadium in Cambridge when Yale defeated Yale Harvard. It is a matter of record in the books of the Worcester Racing Association that 55,000 persons passed through the Belmont Park turnstiles on Decoration Day, 1907, the biggest crowd ever seen at an eastern sporting event. Taking these various attendance figures under consideration it is hardly likely that the Jeffries-Johnson fight will draw more than 35,000 persons at a much higher rate of admission than charged at other events. There is room on the Emeryville track for 100,000 spectators but it will not be overcrowded at the fancy prices asked for pastboards.

Wolgast Evades Capt.

Cadillac, Mich., March 18.—Ad. Wolgast, it was learned today, is the recipient of a score of notes from girls who desire, O, so badly, to meet him, to shake hands with him, to look upon his battle-scarred countenance, to gaze into his fearless eye, and to hear his gentle voice say things. Wolgast could step into the streets with a minister and break records of daring bigamists without even paying for a marriage license. But all Ad says is "O, pshaw!"

gue, all within three years is some drop.

His Bitter Remarks.

But Flood deserved it. We well remember his bitter remarks as he was freed from goal in Toronto. He said: "Any magistrate in the U. S. who would sentence one of his home-town team to goal would never hear the end of it," insinuating also that he had been discriminated against in Toronto because he was an American. We can say that he was treated very leniently, and for his cowardly attack on a man hampered by a mask, etc., richly deserved three months. That one act of Tim Flood's ruined his entire baseball career.

A Cheap Team.

In the eight championship games played by St. Michael's College hockey team this season, not a stick was broken by the champions, a unique record. Only four sticks were broken all season in practice, and only one by a regular player, Douglas breaking two and Roscoe one.

Hurrah for St. Patrick!

St. Michael's College hockey team were a little previous in their celebration of St. Patrick's Day. They celebrated on Saturday, March 12th, by winning the senior championship of the Ontario Hockey Association.

Will the scoring hog take the price of footballs with him?

About Town

Koen and Gilbert have removed their offices from 416 First street to the old Board of Trade Building, opposite Alberta College.

Rev. A. S. Tod, B.D., of Daysland, will conduct the service in the Sixteenth street Presbyterian church on Sunday.

A meeting of the Edmonton and District Temperance Association will be held at Mechanics' Hall on Sunday at 4 o'clock. All interested in temperance are requested to attend.

The Y.W.C.A. bible class will be held on Sunday afternoon at 4 o'clock. The international Sunday school lesson of March 27 will be taken up. A strangers' tea will be served at the close of the Bible class.

Mr. J. W. Morris and family desire to express their thanks to Col. Edwards of the 101st soldiers, to the officers and men of the A.M.R., to the Masonic Lodge, Caledonian Society and other organizations and individuals who lent their assistance to the family in their bereavement.

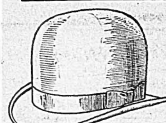

A meeting of Edmonton Council No. 427 of the United Commercial Travelers of America will be held this evening in the Oddfellows' Hall, Norwood block, for the purpose of electing officers for the coming year. All local members and visiting members are requested to attend.

Broad associations of the central council of the Edmonton and District Temperance Union are being formed in various districts of the city. An association was formed in Norwood block evening on which the following officers were elected: President, Rev. W. A. Lewis; vice-president, Rev. J. E. Dugan; Rev. M. B. Beyer, J. G. Elliott, Eng. treasurer, Miss Carson, and secretary, M. MacDonald.

G. Barclay, Paris, and H. Ross, Winnipeg, have been guests at the King Edward during the past few days while looking over the city for suitable investments. Mr. Barclay represents three financial interests in Europe and has recently purchased \$200,000 worth of property in Winnipeg. He expressed himself as much pleased with Edmonton property as a business proposition and will probably make important investments before again returning west. He left on this afternoon's train for the south and will visit Calgary, Lethbridge, and Medicine Hat before going on to the coast.

A Woman's Dollar Buys Twice as Much as a Man's
Because of shoppers the ladies are keen on buying the best for the least money—while men buyers are not so careful—the well known fact that when ladies are looking for a really good pianoforte and from a really class house, those who purchase at Harmony Hall, Rice street, always admit that nowhere else in Edmonton do they find such excellent values in musical instruments, no say nothing of the beautiful range of pianos by Nordheimer, Steinway and other really high-grade pianos they can select from, added to the courteous and liberal treatment always offered them by Mr. George H. Sackling, all making their purchase a thoroughly satisfactory matter.

Will have on display a magnificent showing of trimmed and untrimmed hats. Feathers, Flowers and Millinery Novelties. Knox New York Sailors.

MISS MORROW, 251 Jasper W.

Near Cor. 4th Street

The council met last evening to make the estimates for the year.

Dr. Riddell, of Alberta College, addressed the meeting in the Methodist church last evening. There was a good attendance. Great interest is being shown in these special services.

The regular meeting of the school board was held last evening. It has been decided that a school must be opened on the flats for the children there. The estimates for the year were prepared at this meeting.

In Knox Presbyterian Church last evening the pastor, Rev. J. M. Miller delivered a lecture on Shakespeare's Julius Caesar. Mrs. Dugan, of Edmonton, aided in the programme with excellent readings. The evening was much enjoyed by all those who attended the lecture.

In the Metropolitan Methodist church the morning service will be conducted by Mr. Geo. Kettley. In the evening the pastor will speak on the subject, "The lame man and what to do with him." Special prayer service at 10:15 a.m. Special social song service after evening services.

Rev. J. C. Bowen will conduct the usual services in the Baptist church. In the evening the subject will be "The Absolution of the Cross." This is the second sermon of the series of seven sermons on the utterances of Jesus from the Cross.

TO PROTECT TRADE MARK

Vigorous Campaign to be Instituted by the Rigorous Shoe Company.

Some weeks ago a report was published of an action instituted by the Slater Shoe Company, Limited, against the Eagle Shoe Company, in which an injunction was applied for by the Slater Shoe Company, Limited, to restrain the defendants from using the name "Slater" on shoes made by that company.

"The case has been before the courts now for some time," said Mr. Charles E. Slater, President of the Slater Shoe Company, Limited. "We intend to prosecute the action vigorously to the end, for we have for years been subject to this and many other forms of unfair and unjust competition."

Every Slater Shoe has the "Slater" trademark on it, and we have endeavored to protect ourselves against flagrant acts of this trademark.

"Year in and year out we have been hampered and harassed by the sale of common shoes which the buyers were led to believe by some sort of subterfuge were 'Slater' shoes, when they were not. We are instituting a vigorous campaign to protect our customers against these infringements. We are even securing the names of retailers who make a practice of co-operating with the unscrupulous makers of these counterfeit shoes."

MARIMBO BAND AT EMPIRE

The Empire Theatre will have an attraction on its next week's bill, the like of which has never been seen in Edmonton before. It is called the Marimbo band, the members playing on curious native instruments, and producing beautiful tones. This band travelled with Harry Lauder's show, and was well received all over America.

You are in luck if you need new clothes now. See Mac.

Music As It Should Be Played

Until the advent of the Nordheimer Piano-Player many years of study were required to be able to render great compositions. With the truly marvelous resources of the Nordheimer Piano-Player any person can perform the most difficult music and play it perfectly. So many leading citizens of Edmonton, who have purchased this wonderful instrument, have expressed their unbounded delight and satisfaction in the superb musical effects produced in its use. Catalogues on application to Geo. H. Sackling, Harmony Hall, 237-239 Rice street. Edmonton's most spacious and thoroughly artistic Piano Warehouse.
